

WE NEED YOUR HELP!

Don't swallow the hype. Hawaii is only paradise for tourists. It's home for others and many of them don't have homes; they live on the beach or wherever they can. COMMIT works with several local agencies on the west side of Oahu who are striving to assist those who truly need to know that Jesus loves them! They have asked us to help them with their construction needs as well as some counseling for those whose circumstances are much more difficult. Two local missionary families also have asked for help with household needs. This team will try to do it all!
